Watch Out

Dwight Yoakam

Watch how she tore me all apart
Watch how she ripped up my heart
Watch how she cut that thing clean through
Watch out, she'll do the same to you
Watch how she wrecked love's hope filled train
Watch how she reveled in my shame
Watch how she learned me who was boss
Watch out or that's what you'll get taught
Well, it was gone before it ever went away
Got up and left before it even really tried to stay
And any doubt that hung around, sure ain't here now

Oh, she's the best dirty trick love ever played
Watch how she tossed my affection 'round
Watch how she drug 'em cross the ground
Watch how she claimed they're hers to use
Watch out or she'll drag yours for you
Watch out, I never felt such pain
Watch out, I've never been the same
Watch out, she don't need no excuse
Watch out, she'll do the same to you
