Head Cut

Siouxsie and the Banshees

The head is the best part
My head cut, my woodcut
I saw you in the gallery
With your torso and familyA huge smiling central face
With eyes and lips cut out
But smiling and eating
Lots of other lipsA beautiful mask in plaster cast
Such a beautiful mask in plaster castCan I take it back with me?
Back to the flat with me
Can I take it back with me?
Back to the flat with meOh severed head
I'll feed your head with bread
And paint your lips bright red
I'll keep it fresh on ice
It will look very niceCan I take it back with me?
Back to the flat with me?
Can I take it back with me?
Back to the flat with me?Shrunken heads under the bed
The flies are humming
There's a red under the bed
The spit is turning
Roasting, burning
Shadows dancing by the fire
Flickering flames laugh with desireThe head is the best part
My head cut, my woodcut
The head is the best part
My head cut, my woodcutCan I take it back with me?
Back to the flat with me
Can I take it back with me?
Back to the flat with meCan I take it? Can I take it? Can I take it back with me?
Back to the flat with me
Back with me
Back to the flat with meCan I take it? Can I take it? Can I take it back with me?
Back to the flat with me
Can I take it? Can I take it? Can I take it back with me?
Back to the flat with meBack with me
Back to the flat with me
Back with me
Back to the flat with me
