

# Champion

## Keznamdi

My day has come, the race has begun  
I've travel the seas, I've travel the waters  
Once I was weak now I'm much stronger  
I've worked in the sun, look what i've become  
I've conquered the beast, now I'm much greater  
I've learned from my failure Dedication, discipline and drive  
Cease it every moment that comes up in this life  
Climbing to a higher heights  
Have the eyes of a tiger  
Fist of a fighter, I'm a survivor  
If you have the heart of a lion  
Push up your lighter, blaze up the fire  
Ah, only way up  
No turning back we stay up  
Victorious we came up, no change up  
Make way for the champion  
Champion, champion, champion  
Looking at the champion  
Champion, champion, champion  
Forever More.  
Looking at the champion  
Champion, champion, champion Follow your heart  
Listen your soul through every endeavor  
I'm feeling the pressure, never say never  
I'm fighting forever  
I shoot for the stars, I follow my dreams  
I'm stepping much closer  
I'm firm to the ground cyah push me over  
The fire within me blazing, every mistake I'm embracing  
The world is yours for the taking  
The passion within me raging  
Naw go fall or falter  
Yes mi firm like the rock of Gibraltar  
Man a warrior just like a sparta  
Every obstacle haffi get slaughter  
Every day mi seh mi just a work harder (Repeat)
