

Pussy of My Dreams

Part Time

Not so long ago
I was a boy without a chance
My heart turned to rubber
With every girl I'd meetIn all of my life
I wish you longed for my love
Who can give me endless pleasures
In ways I couldn't solveI was searching in the city
There's a tie coast to coast
When I saw your loving
With a face like a ghost
Spoke in many rhythms
Til we held each other tight
She saitisfies my every need
And pleases my appetites
She is the pussy of my dreams
And it satisfies alright
She's got the pussy of my dreams
I tell her it's all tight
You're the pussy of my dreams
And I will always treat you rightPussy pussy
