Fearless

Wank

i rolled the dice
many times
always losin, always usin
retribution, execution
a fool from jersey
beg for mercy
but don't ask me to fight
if you're afraid to die
feeling reckless, bloody restless,
fearless
blast it out yeah
come what may
grief you give me
night and day
fire blazin, so amazin
i'm razor sharp yeah
i mean to school ya
but don't ask me to fight
if you're afraid to die
feeling reckless
bloody restless, fearless
i roll the dice
many times
always losin, always usin
retribution, execution
a fool from jersey
beg for mercy
but don't ask me to fight if you're afraid to die
feeling restless bloody restless fearless
'cause i'm running free
bet you wanna be like me
can't you see i'm going straight to hell
well if you wanna go
soon you'll surely know
cancer's in the soul i'm bound to sell
i get stoned when i look at you
i start thinkin, "what should i do?"
it gets clearer, in my mind
so don't try to take

take what's mine,
i get angry
now you're fucked
'cause i'm fearless-fearless
i won't stop til you're speechless
lifeless 'cause i'm fearless yeah
and i don't give a fuck about you
