

Break Away

Beau Badrick

And everyday, life gets harder when she's
on my case, but I'm smarter
I know all the ways that she, she tries to trip me up
because it's always the same old stuff

She'll be saying
"I know you better than you know yourself"
and this is just useless
la la la la la la, yeah I'll be singing
la la la la la la

And everyday I'll be dying just to break away
from all the trying just to stay the same
your voice, your name
are making this hard and making it strange

and Anna May, this is really just the price you pay
I'm getting over all the things you do
It's sad but it's true
the love that you faked
the changes you make
and I'll be singing

la la la la la la
la la la la la la

And maybe now I can make it better
because I know how
she just holds me back
all the plans that I never made
all the times that I've lost now
I'm losing track
If I know her as well as I think I do
then I know all the ways that
she'll make me lose it

la la la la la la, yeah we'll be singing
la la la la la la

And everyday I'll be dying just to break away

from all the trying just to stay the same
your voice, your name
are making this hard and making it strange

And Anna May, this is really just the price you pay
I'm getting over all the things you do
It's sad but it's true
the love that you faked
the changes you make
and I'll be singing

la la la la la la, yeah we'll be singing
la la la la la la, yeah we'll be singing
la la la la la la

And everyday I'll be dying just to break away
from all the trying just to stay the same
your voice, your name
are making this hard and making it strange

and making it hard to stay...
