

# The Way We Are

## The Summer Set

We have been told there's only one way to go  
But we live different lives, dreams to unfold  
Like a kaleidoscope, reflecting hundred skies

No hiding, no faking  
This life 'cause it's amazing  
You want it, you need it  
Beware! It's so contagious

Call it strange  
This is the way we are  
For beyond your dreams  
Break your chains

Open your mind for more  
See what it's like to be  
The way we are  
The way we are  
We are so high

We dance on the edge of the sky  
Where no one dares to go, flashes of light

Tell us the time is right  
To blow your mind once more  
No hiding, no faking

This life 'cause it's amazing  
You want it, you need it  
Beware, it's so contagious  
Call it strange

This is the way we are  
For beyond your dreams  
Break your chains

Open your mind for more  
See what it's like to be  
The way we are  
The way we are  
No hiding, no faking

This life 'cause it's amazing  
Call it strange

This is the way we are  
For beyond your dreams  
Break your chains

Open your mind for more

See what it's like to be  
The way we are  
No hiding, no faking  
This life 'cause it's amazing  
The way we are
