

# Breathe (feat. Rob Swire)

**Eric Prydz**

Sunâ€™s always falling  
Weightless and free  
Now when you close your eyes  
Just breathe, breathe with me

Let go  
Release  
Let go of the way youâ€™re feeling  
Release, over and under till you return to me

The skyâ€™s always falling  
Weight underneath  
And when you close your eyes  
Just breathe, breathe with me

Let go  
Release  
Let go of the way youâ€™re feeling  
Release, over and under till you return to me

Let go of the way youâ€™re feeling  
Release of the way you are  
Let go of the way youâ€™re feeling  
Release, over and under till you return to me

Let go  
Release  
Let go  
Release
