Collide

Dishwalla

When I came here there was more.
Now I've come back to destroy,
And I've got nothing left,
And it's a shame what we've become,
When we hurt the ones we love,
And it's a place I can not go,
Anymore.When we collide we lose ourselves.
When we collide we break in two,
And as we push and we shove and we hurt the ones we love,
It's a hard mistake.
When we collide,
We break.When the cold comes crashing down,
And the fight lost what it's about.
I could tell that you had left.
It's a shame what we've become,
When we hurt the ones we love.
It's a place I can not go,
Anymore.When we collide we lose ourselves.
When we collide we break in two,
And as we push and we shove and we hurt the ones we love,
It's a hard mistake.
When we collide,
When we collide.It's a hard mistake,
When we collide.It's a mistake,
When we collide we lose ourselves,
When we collide we break in two,
And as we push and we shove and we hurt the ones we love,
It's a hard mistake,
When we collide,
When we collide.It's a hard mistake,
When we collide, we break,
We break
