

# Holy God

[Joann Rosario](#)

Holy God we honor You  
Holy God we bless Your name  
Holy God we honor You  
Holy God we bless Your name Let Your Presence fill this place Mighty God  
So that we can be changed by Your glory  
As we humble ourselves under Your Mighty hand  
Oh, be exalted Holy God we honor You  
Holy God we bless Your name Come and drench our hearts with Your rain  
As the Holy Spirit gives us power  
We surrender everything to You, oh Lord  
Be glorified Holy God we honor You  
Holy God we bless Your name Bless the Lord, oh my soul  
All that is within me bless His name  
Bless the Lord, oh my soul  
All that is within me bless His name All that is within me bless His name  
All that is within me bless His name  
You are holy, yes Holy God we honor You  
Holy God we bless Your name We honor You, we bless Your name  
We love You Lord with everything  
We honor You, we bless Your name  
We love You Lord with everything Holy God we honor You  
Holy God we bless Your name  
Holy God we honor You  
Holy God we bless Your name Holy God we honor You  
Holy God we bless Your name
