

# Swingin' With Tiger Woods (The Big Swing)

## Cherry Poppin' Daddies

Advisory - the following lyrics contain explicit language:

Aw just get hip to the rhythm, and let the rhythm take you away  
Don't get bored or excited, just look at ol' Dean Martin's face  
It's an easy breezy motion, that's the way to make it all good  
And you'll be a mighty swinger, just the same as Tiger Woods

I'm talkin' 'bout the big swing

The whole enchilada

The big swing

Do ya get me? Understood?

I'm talkin' 'bout the big swing

The whole enchilada

The big swing

Aw last I checked it all, in fact, was good Do you wanna keep 'em straight when you hit 'em?

And put your big drive in the fairway?

Knock 'em flat when you tip your hat

To the chippies when they look blas

Nothin's too outrageous, and you got me in a real good mood

'Cause I'm a swanky New York Yankee, with a can-do attitude! I'm talkin' 'bout the big swing

The whole enchilada

The big swing

Do ya get me? Understood?

I'm talkin' 'bout the big swing

The whole enchilada

The big swing

Aw last I checked it all, in fact, was good Aw swing it! Back to back

Side to side

Swing attack, mama

Glide, brother, glide

Back to back

Side to side

Swing attack! I'm talkin' 'bout the big swing

The whole enchilada

The big swing

Do ya get me? Understood?  
I'm talkin' 'bout the big swing  
The whole enchilada  
The big swing  
Aw last I checked it all, in fact  
Last I checked it all, in fact  
Last I checked it all, in fact, was goodSwing the damn club...
