

# Things Are Looking Up

## R5

You were a business, I was a start up  
You were like high speed, I was on dial up  
I needed caffeine, you were a Starbucks  
A Starbucks You were a record, I was a remix  
You were the sunshine, I was a rain check  
You needed time but you were my Rolex  
My Rolex I couldn't get it right  
Until you opened up my eyes  
You turned my whole world upside down Things are lookin' up  
Things are lookin' up  
I couldn't find a star in the sky  
But now that I found us Things are lookin' up  
Even when I'm down  
Had about enough  
Lookin' at the ground I couldn't find a star in the sky  
But now that I found us  
Things are lookin' up You were a diamond, I was a gold mine  
You were a freeway, I was a stop sign  
I was a paycheck, you're like a gold mine  
A gold mine I couldn't get it right  
Until you opened up my eyes  
You turned my whole world upside down Things are lookin' up  
Things are lookin' up  
I couldn't find a star in the sky  
But now that I found us Things are lookin' up  
Even when I'm down  
Had about enough  
Lookin' at the ground I couldn't find a star in the sky  
But now that I found us  
Things are lookin' up I've been up and I've been down  
Girl you make my world go 'round  
There's nothin' like the high I found  
Things are lookin' up  
Things are lookin' up I've been up and I've been down  
Girl you make my world go 'round  
There's nothin' like the high I found  
Things are lookin' up  
Things are lookin' up Things are lookin' up  
Things are lookin' up

I couldn't find a star in the sky  
But now that I found us Things are lookin' up  
Even when I'm down  
Had about enough  
Lookin' at the ground I couldn't find a star in the sky  
But now that I found us  
Things are lookin' Things are lookin' up  
Things are lookin' up  
I couldn't find a star in the sky  
But now that I found us Things are lookin' up  
Even when I'm down  
Had about enough  
Lookin' at the ground I couldn't find a star in the sky  
But now that I found us  
Things are lookin' up
