

We're Getting Closer To The Grave Each Day

Hank Williams

Oh, don't you know that
Jesus died to wash your sins away
Oh, please heed His call, in sin don't fall
We're getting closer to the grave each day
We're getting closer to the grave each day
Mortal man, won't you stop now and pray
Leave the road of sin alone, let Jesus lead you home
We're getting closer to the grave each day
They nailed His hands, they pierced His sides
On His head the thorns did lay
Be prepared to go, one thing we know
We're getting closer to the grave each day
On the judgment day, when the book is read
There'll be no use to pray
So each day you live, love and forgive
We're getting closer to the grave each day
