## Insane Clown Posse

Awake awake awake awake  
Revenge is mine  
Twelve people will die tonight Guilty guilty guilty  
Guilty guilty guilty  
Guilty guilty guilty Now I've woken, been reborn  
Though I have just until dawn  
I remember every face  
Spirits show me every place  
First one sleeps inside his bed  
Place my fingers on his head  
To each temple, push and smother  
Till my fingers touch each other Next one makes love to his wife  
Only wish to take his life  
For his family's done no wrong  
Place his children on the lawn  
Tell the Mrs. leave the room  
Lest she wish to witness doom  
Grab the squirmy, filthy goat  
And shove the dresser down his throat I must quickly use my gift  
Next to work the midnight shift  
Drinking coffee in the back  
I will listen to them chat  
Hear them speaking of my death  
Hear the laughter in their breath  
But the laughter quickly died  
When their heads collide You're gonna die  
You're gonna die  
You're gonna die  
You're gonna die You're gonna die  
You're gonna die  
You're gonna die  
You're gonna die You're gonna die  
You're gonna die  
You're gonna die  
You're gonna die You're gonna die  
You're gonna die  
You're gonna die  
You're gonna die Now my anger's growing worse  
Next one's working as a nurse

Have to make a doctor's call  
Drag my body down the hall  
Grab a scalpel and a blade  
Time to play the nurse's aid  
Operate, then strap her down  
Carve her face into a clown  
Killed another, then three more  
Now we're down to only four  
This man drives a taxi cab  
'Nother wicked life to grab  
Screaming that he thought I'd died  
Let's go for a taxi ride  
In the wreck of twisted steel  
The steering wheel becomes his meal  
This man watches his TV  
Scanning channels endlessly  
Stops at station forty four  
It's the wicked clown show  
Watch me juggle, watch me dance  
In 3D watch me enhance  
Watch me crawl out from the screen  
And squeeze your neck until you're green  
You're gonna die  
Time time time time  
Time time time time  
Time time time time  
Even though there's just one left  
I feel my bones becoming stiff  
And now I wander endlessly  
The spirits have abandoned me  
My limbs are falling piece by piece  
My ears and fingers in the street  
But still you see no morning sun  
And here's my victim's early run  
Quickly grab him from behind  
Round his neck with fishing twine  
Keep him still and pull the string  
Watch his head go bobbling  
Listen to my riddle song

Even though my crime was wrong  
Murder me just for your law  
And I'll be back for all of y'all You're gonna die  
And I'll be back for all a y'all

...
