

The Lazy Sunbathers (Remastered)

Morrissey

A world war
Was announced
Days ago
But they didn't know
The lazy sunbathers
The lazy sunbathersThe sun burns through
To the planet's core
And it isn't enough
They want moreNothing
Appears
To be
Between the ears of
The lazy sunbathers
Too jaded
To question stagnation
The sun burns through
To the planet's core
And it isn't enough
They want moreReligions fall
Children shelled
Children shelled? That's all
Very well, but would you
Please keep the noise
Down low?
Because you're waking
The lazy sunbathers
Oh, the lazy sunbathers
The lazy sunbathers
