

Too Late For Lovers

[Gin Wigmore](#)

Step on my toes, riddle my road
Now I can't find my own way back
Leave me to lie with you chasing my eyes
So I fall for you one last time
How do you know if a pocket of gold
Will ever be enough to say I do?[Chorus]
No, no, it's too late for lovers
Save me; why won't you save me
When I gave you my whole world
To leave this holy-rolling track?
If I only knew the day that I lose would be up to you
Because you know you said forever
Still I am passing through Cut me a heart from the Milky Way stars
To remember when we fell in love
You promised to take me on the carnival ride
But you ring-a-rosy shot that through
Now nothing you say and nothing you do
Will ever bring me back to you[Chorus] You know that the gun was loaded
Still you brought me here
Now I'm waiting to end my storm
Don't you leave me alone
Don't want to be here
All I see are angels
I am no angel[Chorus] It's too late for lovers
Save me; why won't you save me?
Because you know you said forever
Still I am passing through
