Thank You Lord

Paul Enenche

thank you lord by paul enenche
when i think of where you brought me from
when i see where you brought me to
when i think of where you taking me
i cannot thank you lord enough

thank you lord x3
for your love
you took me over the mountain top
you lifted me from the valley low
you help through many waters
i cannot thank you lord enough

thank you lord x3
for your love
you repaired my many shattered dreams
you gave me the power to dream again
you have always kept my hope alive
i cannot thank you lord enough

thank you lord x3
for your love
when i am down you always lift me up
when i am weak you always strenghten me
when i fail you always help me out
i cannot thank you lord enough

thank you lord x3
for your love
sing chorus till the end.....
