

# Blow

## Dean Blunt

Please don't get involved  
'Cause I don't want you helping  
It is not my fault  
That I don't want you helping  
NoSo I run away  
When I run away  
Ain't nobody gonna' find me  
Patience everyday  
No redemption could ever help me, no  
So back into the past  
I don't need nobody helping  
Yeah  
Now I feel OK  
Molly wanna' flowing in my dome  
I just wanna' say  
All this money really cured my woes  
Look around me now  
Have(?) you even gone and helped me  
'Cause baby I'm the manBack into the past  
I don't need nobody helping  
Yeah
