

She Don't

David Pack

Hello baby, as I was walkin' by
Hesitated and then I realized
There go David, I was surprised to see you
And I asked, 'Do you remember me?'
Boy, I'm so elated to run into you here
Shadow faded with diamonds in your ears
The memories that go, I don't wanna let go
Hear you say you got a girlfriend, but I know
She don't even touch you like this
She don't even kiss you like this
She don't even treat you like I do
Boy, you know that
She don't even touch you like this
She don't even kiss you like this
She don't even treat you like I do
Boy
Ooh, I see us makin' plans
Me and you, forget your circumstance
Don't be actin' like me and you don't go way back
Late night tippin' in your Cadillac
See I'm no psychic, but I can understand
She's a sidekick, but I know all your fantasies
She can't do it to you like I used to
And you know that I know that she can't do you like I do
She don't even touch you like this
She don't even kiss you like this
She don't even treat you like I do
Boy, you know that
She don't even touch you like this
She don't even kiss you like this
She don't even treat you like I do
Boy, you know that
Look at me and tell me you ain't feelin' me
Boy, you know that I'm the one you need
She's a waist of time, I can love you right
Boy, you know that
I already know you want it personal
So there ain't no need to take it slow
You know your best is your first

So tell me why you're with her
She don't even touch you like this
She don't even kiss you like this
She don't even treat you like I do

Boy, you know that
She don't even touch you like this
She don't even kiss you like this
She don't even treat you like I do

Boy, you know that
She don't even touch you like this
She don't even kiss you like this
She don't even treat you like I do

Boy, you know that
She don't even touch you like this
She don't even kiss you like this
She don't even treat you like I do

Boy, you know that
