

# Haunted By Love

[Dominique Fricot](#)

The corner of Cambie and 16th  
The crossroads where we meet  
You'd pull my suspenders to kiss me  
How you kissed me And I pray that you're happy and perfectly healthy  
I pray that you're riding your horses Haunted by haunted by haunted by love  
The girl that I want more than anything is gone  
I still see her everywhere I turn  
Cuz I'm haunted by haunted by haunted by love The truth will set you free The pictures of when we  
thought we were happy  
Are talking to me  
They say why can't you leave it alone can't you leave it alone?  
For a few weeks? Are you too weak? But nobody is happy and nobody is healthy  
And only the headless ride horses When you're haunted by haunted by haunted by love  
You wish you didn't know what it meant to break your heart  
I can recommend a place to roam  
When you're haunted by haunted by haunted by love I bet that you knew all along  
Cuz the bruises on my arms  
Told a little bit, told a little bit more  
Than I told  
We'll never know where we could have gone  
Cuz the bruises on my arms,  
Were just a little bit, just a little bit, just a little bit Haunted by haunted by haunted by love  
The girl that I want more than anything is gone  
I still see her everywhere I turn  
Cuz I'm haunted by haunted by haunted by love  
Haunted by haunted by haunted by love  
I wish I didn't know what it meant to break your heart  
I can recommend a place to roam  
When you're haunted by haunted by haunted by love The truth will set you free  
The truth will set you free  
The truth will set you free
