

Set a Fire

Will Reagan & United Pursuit

I will hold you child
When all is done
When the world is gone
And many songs have been sung

You will be with me
Through endless years
We will dance and sing
When your heart is fulfilled

So don't you close your eyes
Don't you lose your way
Don't you miss all the gifts
That are unforeseen

I'm your anchor and shield
I'm the wind in your sails
I'm the song in your heart
The

you say
