

# Self Made Man

## Boss Tweed

Sun shines  
They must've made the hay  
Hey, make the hay  
Got mounting bills  
You need to pay  
No time to play  
There's no such thing  
As a self made man  
'Cause everyone  
Needs a helping hand  
There's no such thing  
As a self made man  
Enjoy the floors  
In the best laid plans  
Though sacrifices all the way  
All along the way  
Indulge in vices so cliche  
Shame it's so cliche  
There's no such thing  
As a self made man  
It's not too hard  
To understand  
There's no such thing  
As a self made man  
Enjoy the floors  
In the best laid plans  
Now, all your friends  
Have flown away  
Flown, flown away  
You blew your chances  
All away  
Blown, blown away  
There's no such thing  
As a self made man  
'Cause everyone  
Needs a helping hand  
There's no such thing  
As a self made man  
Enjoy the floors

In the best laid plans  
No such thing as  
A self made man  
No such thing as  
A self made man
