

May You Never Be Alone

Susan Boyle

We will meet again beneath the star
I think of you each day
I feel you close wherever you are
I know you'll find your way
Let the Christmas lights warm your heart tonight
Let them guide you home from the cold
May your hope conquer fear at this time of the year
May you never be alone
There's a place I go a horizon of home
Where all our dreams are saved
I can feel you close wherever you are
Till you're in my arms again
Let the christmas lights warm your heart tonight
Let them guide you home from the cold
May your hope conquer fear at this time of the year
May you never be alone
Let the christmas lights warm your heart tonight
Let them guide you home from the cold
May your hope conquer fear at this time of year
May you never be alone
May your hope conquer fear at this time of the year
May you never be alone
