California (Ralph Myerz Remix)

Datarock

We need to get out of here
Not just any, anywhere
Gotta go where the sky is blue
That is what we're gonna do
We're going to California
(California)
We're headed to the place where everyday is like a night out
(California)
Alright
We are getting out of here
Ain't just going anywhere
Gotta go where the sky is blue
That is what we're gonna do
We're going to California
(California)
We're heading for a place where everyday is like a night out
(California)
We're heading for a place where everybody's got a?
(California)
Spread our wings and hope to fly, cross our hearts and hope to die
(California)
Kesha's gonna be alright
(California)
When all the leaves are brown
And the sky is grey
(California)
We won't just dream the Californian dream
We'll live the Californian way
(California)
We're heading for a place where everyday is like a night out
(California)
We're heading for a place where everybody's got a???
(California)
Spread out wings and learn to fly, cross our hearts and hope to die
(California)
We'll take it to the promised land, can we do it? Yes we can
