

# Incognito

## Incognito

(Incognito)

The man behind the mask

(Incognito)

At the masquerade's board?(Incognito)

Can you see through his disguise?

(Incognito)

Is he a friend of yours?(Incognito)

The man behind the mask

(Incognito)A face you can't conceal?

(Incognito)

I can see through your disguiseStanding in the dark

Hidden in the crowd

(Incognito)Trying to see your face

Chasing shadows through the night

(Incognito)(Incognito)
