

Caligula

The Washdown

Hush the neighbors hear you moanin and groanin
But I just can't help it specially when we be bonin
 "I can take you fears away"
 I could not believe it
 Hey what's your name?
 Beau doh doh dah
He's something like my favorite movie
 Beau doh doh dah
 I wanna see him again and again
 Beau doh doh dah
He's like my disco - He's really groovy
 Beau doh doh dah
When we go out I'm gonna let him in He wanna fight and make me feel like nothing
 Never lovin but we're always fuckin
 "I can take you fears away"
But I kinda miss them now that they've gone astray
 Hey what's your name?
 Beau doh doh dah
He's something like my favorite movie
 Beau doh doh dah
 I wanna see him again and again
 Beau doh doh dah
He's like my freight train - He's really move me
 Beau doh doh dah
When we go out I'm gonna let him in
 Beau doh doh dah
 He's something like my 7 eleven
 Beau doh doh dah
He got me open like an all night store
 Beau doh doh dah
He's like my blue sky - he's next to heaven
 Beau doh doh dah
He give me some and then I want some more I could not believe it
 Hey what's your name?
 Beau doh doh dah
He's something like my favorite movie
 Beau doh doh dah
 I wanna see him again and again
 Beau doh doh dah

He's like my disco - He's really groovy
Beau doh doh dah
When we go out I'm gonna let him in
