Echo

Vertical Horizon

Echo, echo
We come and we go
No, I don't want to be just another
Echo, echo
Everywhere I go
There's somethin' I really need
Everyone I know
Is someone that I want to be
Even though
I don't really know me
I better pick it up
Before I let it slip away
I better stick it out
Before I take another day
Into mouth
Every single word I say fades out
Echo, echo
We come and we go
No, I don't want to be just another
Echo, echo
Can I open up your eyes?
Only when the clouds break?
Can I feel alive?
Even though the world shakes
Every night
Here in my quiet satellite
Can I hold you close?
Until we're out of focus
And everything I know
I don't even notice
When it all falls through
I'm here and I hear you
Echo, echo
We come and we go
No I don't want to be just another
Echo, echo
Do you hear me?
Do you hear me?
'Cause I need to

Just to reach you
Can you hear me
Coming clearly?
Am I hollow?
Just an echo
Echo, echo
We come and we go
No, I don't want to be just another
Echo, echo
Echo, echo
We come and we go
No, I don't want to be just another
Echo, echo
It's just another day
Every single word I say fades out
