

# Sooner Or Later

**Patty Griffin**

Sometimes you fly so high  
You really need to fall  
You think you wanna die  
You need to cry alone (?)  
You don't feel anything  
No sorrow no danger nothing  
Someone was asking you  
Where do you wanna go  
You didn't seem to care  
You didn't seem to know  
You never ask for much  
just wanna feel the touch and the chill  
Sooner or later, Sooner or later you will  
Sooner or later, Sooner or later you will  
The snow is coming down  
Outside the motel walls  
You feel a little chill  
You need to cry is all  
The night is moving slow  
And you're just so tired, I know  
So be still  
Baby be still  
Oh yeah  
Sooner or later, Sooner or later you will  
Sooner or later, Sooner or later you will
