

# Terra Mater

## Paradigma

Spring... Writhe  
Autumn... Rise  
Twilight... Begin  
Decay... Thus bring Disharmony their son  
The blackening of the sun  
Betrayal begun  
Disoriented creed, all past begone Darkness can't hide them  
From our moonlight gone black It's born again  
The beginning of the end  
Our forces must blend  
Our lives to expend Disharmony has won  
The blackening of our sun  
Cleaning operation has begun  
Disoriented creed is soon gone Cold winds... Rise  
Past life... Writhe  
Parasites... Die  
Terra Mater... Lives
