

# Red Hot Lover

## Rockin' Rocket 88

You know what I want  
I want a red hot a-lover  
I want a red hot a-lover  
Lover  
Please, please, please, oh  
I'm up early in the morning  
Love me, let me go  
Uh, she didn't let me sleep at all last night  
And I already want some mo'  
I said uh, yeah, that's the way I like it  
Sugar baby, can't you see  
Big and bad and burning hot  
Is all you'll ever have to be  
I want a red hot a-lover  
I want a red hot a-lover  
Lover  
Please, please, please, oh  
Now when the woman know she want it  
Her body's gonna tell you so  
Ah, soaking wet and I ain't touched her yet  
All that heat tamale so  
I said uh, yeah, that's the way I like it  
Wouldn't change it if I could  
And baby because you took a chance on me  
I promise I will fuck you good  
I want a red hot a-lover  
I want a red hot a-lover  
Lover  
Please, please, please, oh  
I want a red hot a-lover  
Lover  
Please, please  
They got a sound that's bad  
Open up and let me say  
She can get, whatever she want  
Just save a little piece for me  
I said uh, yeah, that's the way I like it  
Wouldn't change it if I could  
And baby because you took a chance on me

I promise I will get it good
