Swans

Unkle Bob

By my side
You?ll never be
By my side
You?ll never be

Cause I?m fake at the seams
I?m lost in my dreams
And I
I want you to know that I can?t let you go
And you?re never coming home again
And you?re never coming home again

By my side
You?ll never be
By my side
You?ll never be
You?ll never be

I wanted to tell you what changed
I wanted to tell you that things would be different this time
I see you
You see me
Different
I see you
You see me
Differently

You tell me that you love me but you never want to see me again
You tell me that you love me but you never want to see me again
You tell me that you love me but you never want to see me again
You tell me that you love me but you never want to see me again
