See You Go

Lower Class Brats

You go!There's nothing I'd like more than to see you go
I love it when you walk away from me
But you've completely lost your brain
Now i am no longer sane
I only need space to breathWoah oh see you go
Woah oh see you go
Woah oh see you go
Woah oh see you goYears and years and lies lies lies
Without your chain around me i am free
Now i know you're gone for good
I'll do the things i never could
without you watching over meWoah oh see you go
Woah oh see you go
Woah oh see you go
Woah oh see you goGet outWoah oh see you go
Woah oh see you go
Woah oh see you go
Woah oh see you go
Woah oh see you goGO go GO go GO go
