The Stars Are Ours

B*Witched

"The Stars Are Ours"There was once upon a time, wasn't strong enough to speak my mind, used to be a little shy, then I opened my eyes
And it feels like I'm taking on the world and it feels like I'm home
I can see now there's my yellow brick road, I'm gonna follow it wherever it goes
When my heart starts beating double time and my veins start rushing to get me high
And it feels like I can take on the world, I could rock 'em and I'm ready to go
The stars are ours tonight, the stars are ours tonight, the stars are ours tonightYou can see it in my eyes, there's a fire deep inside, I'm a tiger in disguise, a hunter tonight
And it feels like I'm taking on the world and it feels like I'm home
I can see now there's my yellow brick road, I'm gonna follow it wherever it goes
When my heart starts beating double time and my veins start rushing to get me high
And it feels like I can take on the world, I could rock 'em and I'm ready to go
The stars are ours tonight, the stars are ours tonight, the stars are ours tonight
The stars are out tonight, stars are ours tonight, the stars are out tonight, stars are ours tonight
Soaring in the sky, flying up so high, stars are out tonight, ohohohohoh, ohohohohoh
The stars are out tonight, stars are ours tonight, the stars are out tonight, stars are ours tonight
Soaring in the sky, flying up so high, stars are out tonight, ohohohohoh, the stars are ours tonigh
