

Pretty Sweet

Frank Ocean

[Frank]

Now

To the edge I'll race you

To the end I'll make it

All the risk, I'll take it

Head bang with my four friends

We pour taste out for the dead

This is the blood, the body, the life right now

The hype right now

Might be what I need

Might be what I need

Said you want to hold me now

You can't end me now

That might be what you need(This side)

You wanna keep me now

(This side)

Don't let me down

(I'm on this side, I'm on this side, I'm on this side)

(? on this side, ?)

(Fathers of the Earth be kind)

(To the mothers of whom we rely

(Fathers of Earth be kind)

(To the mothers of whom we rely)

(Ah-ah-ahhh, ah-ah-ahh, ah-ah-ahhhh)

(Ah-ah-ahhh, ah-ah-ahh, ah-ah-ahhhh)

We know your sucker

Pretty sweet-eeet

Pretty sweet-eeet
