Like You

Avant

(Verse)
Girl we just met but I?m hoping
You see I?m the type of guy that ain?t on it
But you got (you got) me goin (me goin)
Dangling on your string
(Verse)
Had many other women before you
But see, none of them could do the things you do
No question you?re heaven-sent to me
You?re all I need ?cause
(Chorus 1)
Ain?t nobody for me like you
Ain?t nobody for me that do what you do
Ain?t nobody for me, girl it?s special
The way you make me feel babe
(Chorus 2)
Don?t nobody know me like you
Don?t nobody know me the way you do
Can?t nobody love me
Searching all around the world to find my girl
(Verse)
I want you to trust and believe that
?Cause eventually girl you will see that
We?re more (we?re more) than just (than just)
A sexy little fling
(Verse)
So many things I respect about you
?Cause you give me no reason to doubt you
I?m blown (I?m blown) away (away)
This is where I wanna be
You?re all I need girl
(Chorus 1)
Ain?t nobody for me like you
Ain?t nobody for me that do what you do

Ain?t nobody for me, girl it?s special
The way you make me feel babe
(Chorus 2)
Don?t nobody know me like you

Don?t nobody know me the way you do
Can?t nobody love me
Searching all around the world to find my girl
(Verse)
Girl we just met
Hey, it?s hard to believe that it happened to me
I?m feelin like love can last
It?s like I?m gone up in a world of make believe
I know we both felt it
Can?t help how I feel about you
And we make this pass
?Cause when you?re in my arms I can never want another
(Chorus 1)
Ain?t nobody for me like you
Ain?t nobody for me that do what you do
Ain?t nobody for me, girl it?s special
The way you make me feel babe
(Chorus 2)
Don?t nobody know me like you
Don?t nobody know me the way you do
Can?t nobody love me
Searching all around the world to find my girl
(Chorus 1)
Ain?t nobody for me like you
Ain?t nobody for me that do what you do
Ain?t nobody for me, girl it?s special
The way you make me feel babe
(Chorus 2)
Don?t nobody know me like you
Don?t nobody know me the way you do
Can?t nobody love me
Searching all around the world to find my girl
