

# Unholy Love

## Doro Pesch (Warlock)

You make it so easy  
When you're making it rough  
You won't make no promises  
But you can't get enough  
I feel like I'm standing  
In the headlight beam  
You come on like thunder  
I know what this means

### CHORUS

It's unholy love  
Oh can't you see  
This unholy love  
You know is killing me  
The sting of confusion  
Then a kiss from your lips  
You don't make it painless  
And you don't make it quick

I hold on forever  
Till I feel the sweet rush start  
Then you're holding me closer  
While you're breaking my heart

### CHORUS

It's unholy love  
Baby can't you see  
It's unholy love  
So good it's killing me  
I feel like I'm standing  
In the headlight beam  
You come on like thunder  
I know what this means  
It's unholy love
