We finally made it

And now we sailin

I never dreamed wed get this far

My heart keeps asking

How did it get so wonderful? So wonderful

How did it get so wonderful? So wonderful[Verse 1: Childish Gambino]

You can call the shots, Im going to my aunts house

Whats it all about? Lookin like Im Millhouse

Whats it all about? I aint get my bike back

I aint get my bike back, I know where he live at

I know what he look like, I know what I live like

Five to a bed, head to toe, thats a good night

Five to a bed, head to toe, with the fan on

I dont think these other niggas know what your man on

I used to have to sneak just to get my food

Free lunch made it feel like they dont approve

Sell a card for a dollar used to be the mood

I wanna be Jabari man that nigga cool

I wanna lash out nigga keep your cool

All my friend did was draw something now he outta school

Cuz everything was always Show me what youre made of

And everybody knew somebody who was laid up

I didnt need it, momma said its a lesson

Some people will never like you

Dont letem catch you stressin

You know a codes a code, the world cant stopem

Eating out rat holes and Cheerios boxes

This nigga think he hot shit, he think he good at everything

I just didnt wanna get left out more

My little sis mom got shot, she in the newspaper

Prayers couldnt save her, she died a day later

Like my cousin got the HIV

When she bust the leg open playing jump rope

Should I tell them kids what the fucks up?

They gone judge her and me

Man fuck them, we livin, all is forgiven

I fucked up royally

But now thats who we are man you gotta use the royal "we"

This is royalty, and this is all I ever wanted cuz[Hook x2]
