

Here to Stay (feat. Amanda Droste)

David Amber

We could be lost
We could be let down
We could be broken
But youâ€™ll still hear our sound

The tempoâ€™s set
These rhymes are ready
Here in the flesh
The one and only
Haters said weâ€™d be long gone
Here we are, youâ€™re still singing our song
Sing with us all night long
And we said, and we said
Oh

We'll never give up, we'll never back away
Better remember us, we're here to stay
Every time, Oh, In Every way
Better remember us, weâ€™re here to stay

Uh-oh Uh-oh
Weâ€™re here to stay
Uh-oh Uh-oh
Here to stay
Uh-oh Uh-oh
We're here to stay
Uh-oh, Weâ€™re here to stay
We have the heart
Weâ€™ve always had the guts
We are all warriors
That's inside all of us

Haters said weâ€™d be long gone
Here we are, youâ€™re still singing our song
Sing with us all night long
And we said, and we said
Oh

We'll never give up, we'll never back away
Better remember us, we're here to stay
Every time, Oh, In Every way
Better remember us, weâ€™re here to stay2x
Look in our eyes

What do you see?
Everything you want
Yea you want to be, to be!
We'll never give up, we'll never back away
Better remember us, we're here to stay
Every time, Oh, In Every way
Better remember us, weâ€™re here to stay
Uh-oh Uh-oh
Weâ€™re here to stay
Uh-oh Uh-oh
Here to stay
Uh-oh Uh-oh
We're here to stay
Uh-oh, Weâ€™re here to stay
