

Her Black Wings (Live - Buffalo 1994)

Danzig

Blackest of the black
Darker than night
Come to me my bleeding light
See she comes
She comes now
Enter oblivion Yea, here she is
Harder than life
In my arms
See she there
Entwined with love
Unclean she is And she comes down to me
And she offers me sleep
Under her black Whoa oh, under her black wings
Whoa oh, under her black See she comes
On the eve of dusk
In another form
With a scent of rain upon her neck
She brings the lust
Supernatural
Ceasing never
On and
On and
On Her stride is such
Mortals freeze
When she walks past
And she comes down to me
And she offers me sleep
Under her black wings Whoa oh, under her black wings
Whoa oh, under her black wings
Whoa oh, under her black wings
Whoa oh, under her black wings See she comes
Blacker than pitch
Have to make this fallen bitch
All I want
All I crave
Demoness calls
The bitch is come
For those who wait
Cross the breach in hell

See she is
Bedeviled with breasts
Enchantment on legs And she comes down to me, yea
And she offers me sleep
Under her black Whoa oh, under her black wings
She's got me under wings
Whoa oh, under her black wings
She's got me under wings
Whoa oh, under her black wings
She's got me under her black wings
Whoa oh, under her black wings
She's got me under, whoa oh
Whoa oh, under her black wings
She's got me under, whoa oh
Whoa oh, under her black wings
She's got me under, whoa oh
Whoa oh, under her black wings
She's got me under, whoa oh
Whoa oh, under her black
