Half Wing

Pave the Path

I, with half wing almost lost myself in lies
I'm fading away to hide
Fading away from your angel eyes

I'm drowning, in dark hanging clouds
But there's no place to hide
Because the sight is held by your cursed mind
What's wonderful for you? It's the sky
I built the bluish heaven for you
I bled from my heart smiling at you
I was bleeding while all was pretending
Now I'm brave with darkened face
Walking in a place like hell

I found silence inside the grave
Let me rest, be on your way
You won't try together to change reality
You wrote me a letter and turned to vanity
I was bleeding while all was pretending
Now I'm brave with darkened face
Walking in a place like hell
If I had wings like a dove, I would fly away...

And I said oh! I had wings like a dove!
For then would I fly away, catch another breath
I wrote you deep into my skin
With your nonsense piercing deep, I bled
You see my heart as a shadow
So why would I not fade wholly?

And I knew till the end
I'll be standing there and screaming
The time is here

My heart is sore, pained within me
The terrors of death have fallen upon me
I lay down on the ground of death
Start raising my black wings
Seek the new dawn, go find your way
With black wings I'm rising into another new day
