Without You

Bic Runga

Walk around the bathroom
Fill the sink
Wander round the kitchen
Make a drink
To occupy my time
Is my only wish
I've rearranged the magnets
On my fridge
Without you now
Without you now
Without you now
Without you now
Just can't make decisions
Think what to do
Turn on my television
And think of you
Splash my face with water
Brush my teeth
Your toothbrush gone
From where it ought to be
Without you now
Without you now
Without you now
Without you now
Do, do, do, do
