Over Again

Jupiter Rising

oh I loved you boy but Im like a boomerang
I fly away and swing back I dont mean what I say
You have enough of all the pushing pull and fighting yeah baby Im a mess I know I can not hide it
But its too late when you picking up your phone
it's just the way by telling me I need too be alone is there another girl sleeping by your side I can not bare don't wanna know Id rather go blind....(Chorus)
Do you really wanna love me?
All you wanna do is make me cry
I love you over and over again
I love you over and over again
Do you really wanna love me?
All you wanna do is make me cry
I love you over and over again
I love you over and over againI hate you I love you I can't make up my mind
I need you I want you. You make me cry all the time
Whats the deal with me I know I should know better?
Its not a fairytale ending happy ending together
I tell my self I got to pull myself thru this
Just handle it all push all the pain to me and move it
You were the love of my life not just a memory getting back together thats just what I wish for thinking.....(Chorus)Do you really wanna love me
all you wanna do is make me cry
I love you over and over again
I love you over and over again
Do you really wanna love me?
All you wanna do is make me cry
I loved you over and over again
I love you over and over againPlease hold it back girl we all up in the public
She turned around and grabbed my shirt I swear she lost it
Id tried to calm her down
Id tried to keep her posted it
She kept on screaming man I loved you the mostest
She looking at me like the way that I should really feel
And I cant testify cause I ain't got a really feel
But if you ask me to girl
Let's make it a deal
So lets just get the cash and headed for the hills(Chorus)
Do you really wanna love me (love me)
All you wanna do is make me cry (make me cry)

I love you over and over again
I loved you over and over again
Do you really wanna love me?
All you wanna do is make me cry
I love you over and over again
I love you over and over again
