[Chorus]

What did you think would happen? (24x)

When you put me in unnatural space?

A cruel dark box where shadows took my place[Verse]

Monday is January, Friday is December

The calendar means nothing, when you can't remember who you are

Who you are, losing hope, not sure what to believe

If you're lost how can you grow from where you've been

It's getting old loving everyone else, more than you love yourself[Chorus][Bridge]

But if you never break, you'll never know

It's all you need to fight a blow

How put yourself back together again

Burning bridges from the inside-out

One day I'll be stronger than my own doubt

Stronger than my own doubt[Chorus and Bridge at the same time][Outro]

But if you never break, you'll never know

It's all you need to fight a blow

How put yourself back together again

What did you think would happen?
