All Of This

The Naked And Famous

I cant begin to explain
How we disassemble
The parts and frame
Maybe its the same late morning?
The same no-show?
Its the same fucking habits
I guess we dont knowAll of this is tearing us apart
I dont know where us or this start
All of this is tearing us apart
I dont know where us or this startIf theres anyone near when we collide
We throw them in the middle
They can pick sides
As the plans turn into compromise,
The promises all turn to lies,
The spite builds up and I cant get through
Passive me, Aggressive you
I know I nag, I moan I know
but with a plan like this its way too slow
In the time it took to get this bad
I couldve made this work but all I had was
the hope that pieces would take shape
and we could watch them all fall into place
Fall into place
Fall into place
Fall into place
Fall into placeAll of this is tearing us apart
I dont know where us or this start
(Elongated stutter effect/editing/sampling)
All of this is tearing us apart
I dont know where us or this start
