

Shining Star

Ruben Studdard

When you wish upon a star
Dreams will take you very far
When you wish upon a dream
Life ain't always what it seems
What'd you see on nights so clear
In the sky, so very dear?
You're a shining star
No matter who you are
Shining bright to see
What you could truly be
Shining star, come into view
To shine its watchful light on you
Give you strength to carry on
Make your body big and strong
So, if you find yourself in need
Why don'tcha listen to these worlds of heed?
Be a giant, grain of sand
Words of wisdom, 'Yes, I Can'
You're a shining star
No matter who you are
Shining bright to see
What you can truly be
You're a shining star
No matter who you are
Shining bright to see
What you can truly be
When you wish upon a star
Dreams will take you very far
When you wish upon a dream
Life ain't always what it seems
What'd you see on nights so clear
In the sky, so very dear
You're a shining star
No matter who you are
Shining bright to see
What you can truly be
You're a shining star
No matter who you are
Shining bright to see
What you can truly be
Shining star, for you to see
What your life can truly be
Shining star, for you to see
What your life can truly be
Shining star, for you to see
What your life can truly be
Shining star, for you to see
What your life can truly be
Shining star, for you to see
What your life can truly be
