Thurston Moore

Wakin' up I see you dreamin' of a drive in
Open your eyes to see TV set on blue
I've been waiting for you to smile, I'm the great head freezin'
Wintertime comes summer an' you are why it's happenin' to me
Sugar babe, sugar babe, do it to me
Sugar babe, sugar babe, turn the TV
Sugar babe, sugar babe, can't you see me?
Sugar babe, sugar babe, can't you see me?
I feel the mornin' slip in sights into your mirror
And now I see what you might see it's pretty clear
I've been looking just to feel that funny feelin'
I don't know but it's a mystery to reckon, right you
Sugar babe, sugar babe, do it to me
Sugar babe, sugar babe, turn the TV
Sugar babe, sugar babe, can't you see me?
Sugar babe, sugar babe, can't you see me?
