

Feel That

[Samuel Larsen](#)

Fallin' in love that's a waste of time
And losing' every second when you're on my mind
Lovin' every single little thing I see
But only for the moment cos' I'm doin' mePre-Chorus
And now I'm like Damn
I don't really wanna think about
Heartbreaks and the breakin' down
But it's alright
Hot Damn, fool me once and I'll tell you twice
That you're on my mind, and I don't know how to stopChorus
Oh girl cos' you're so damn fine
You make me make me wanna feel on ya so divine
Oh girl cos' you're somethin' sweet
Take me take me wanna feel that funk heat
Wanna feel that funky
Feel that funky
Feel that funkyV2
Follow me and baby we'll do it right
I know that you're dangerous but so am I
I'll show you all the things that you ain't ever seen
Wake up and forget about it like a dream
