

# Device

## Mindless Self Indulgence

    this here, this is my device  
    i use this to try to fuck my life  
    this here, this is my device  
    i use this to try to fuck my life  
        (this is my device)  
i use this to try to fuck my lifethis here, this is my disguise  
    i use this to try to break my spine  
        this here, this is my disguise  
    i use this to try to break my spine  
i use this to try to break my spine(i use this to try to fuck my life)this here, this is my demise  
    i use this to try to shut my eyes  
        this here, this is my demise  
    i use this to try to shut my eyes  
        (this is my demise)  
    i use this to try to shut my eyes
