Forget Myself

Imani Coppola

I've been looking through your window
I've been confiscating your mail
I've been tapping into your phone line
I put bugs inside your molarsI fantasize my life with you
I held my breath till I turned blue
I'd love to see you in the nudeI've been following you throughout your days
I've been confiscating your mail
I've been speaking to your lover
She told me, "Stay the hell away"I fantasize my life with you
I held my breath till I turned blue
I'd love to see you in the nudeI fantasize my life with you
I held my breath till I turned blue
I'd love to see you nakedPart of me went into you
(Forget my soul)
Lost my mind down the line
(Forget my soul)
It's just you, you
(Forget my soul, forget my soul)
