

I'll Be With You

Ernest Ranglin & Floyd Lloyd Seivright

Your my Friend,
We'll stick together til the end.
What else is there for a buddy to do?
But stick around with you
And I know it's hard,
To be like you are.
I want you to know
I'll be there, you won't fall apart.
And I want you to know
I'll be with you
I'll be with you Your my friend,
We'll be together to the end.
What else is there for a buddy to do?
But be there without a view
And I know it's hard,
To be like you are.
I want you to know
I'll be there, you won't fall apart.
And I want you to know
I'll be with you
I'll be with you
